Izabrana djela za Otok i more 25. međunarodnu izložbu fotografije su fotografije 262 autora iz 18 zemalja u svim fotografskim tehnikama izražavanja. Izložba je priređena pod pokroviteljstvom Zajednice tehničke kulture Zadarske županije.

Ocjenjivački odbor Glavnog nagradom „Otok i more“ nagradio je Đurđicu Kocijančić za svjetlopis „Odras na tkanini“. Autorica je snimila portret u bojama koji izranja na sivoj podlozi mrežaste strukture. Oči portreta izviru istaknuto iz slike pa izravno komuniciraju s promatračem.

Damir Rajle nagrađen je zlatnom plaketom za crnobijeli svjetlopis „Nasukan“. Brod s provom izviruje iz mora, a potopljenom krmom. Razigrano nadgrađe broda ocrta se na nebu. Ostavljen brod nakon nesreće čeka odsukavanje.

Damir Borčić nagrađen je srebrnom plaketom za crnobijeli svjetlopis „Split the Isolation“. Simetričan snimak ulice s središnjim pločnikom koji nas vodi do rive, a u daljini preko mora je kopno. Ulica s razigranim gradskim detaljima bez mnoštva ljudi, a središnji lik čovjeka u dnu slike vodi nas na rivu.

Tina Kovač nagrađena je brončanom plaketom za crnobijeli svjetlopis „Ples na moru“. Snimak u protu svijetlu mladog para na rivi s razigranom skulpturom čini zanimljiv ugođaj grafike na blagoj pozadini mora.

Jasmina Gorjanski nagrađena je zlatnom plaketom za svjetlopis u bojama „Red bicycle“. Snimak prolaznika s biciklom na mostu u maglovitom danu. U sliku nas uvodi prazan nogostup, a u desnom donjem kutu ističe se pješak s crvenim biciklom. Nadgrađe mosta simetrično se niže slikom i gubi se u daljini maglovitog dana.

Miroslav Kadija nagrađen je srebrnom plaketom za svjetlopis u bojama „Morski zagrljaj“. Autor je snimio val koji nastaje plovidbom većeg broda, a razigrana djeca u prozirnom valu našla su se u podmorju i u pjenu vala.

Tina Rokov nagrađena je brončanom plaketom za svjetlopis u bojama „Na dnu“. Autorica je snimila iz podmorja potonulu brodicu. Na dnu mora leži potonula brodica obrasla algama, a izviruje iz mora dio nadgrađa i u vrhu slike živost obalnog raslinja.

Ocjenjivački odbor podijelio je diplome autorima kreativnih svjetloписа za: krajolik, portret, ljude u okolišu, potankost, životinje, brod, graditeljstvo i svjetlopisne pokuse.

Posjetitelji izložbe vidjeti će prirodne ljepote snimljene diljem svijeta i ljude u njihovom životnom okruženju.
