Izabrana djela za 22. međunarodnu izložbu fotografije Otok i more su fotografije 254 autora iz 13 zemalja u svim fotografskim tehnikama izražavanja. Izložba je priređena pod pokroviteljstvom Zajednice tehničke kulture Zadarske županije.

Ocjenjivački odbor dodijelio je Glavnu nagradu „Otok i more“ autorici Biljani Knebl za svjetlopis „Sunset fire“. To je slika šume s tamnim deblima u prednjem planu. Sredinom šume između neba i zemlje razlijevaju se crvene i žute nijanse boje vatre kao jednog od mitskih sastavnica Zemlje.

Vesna Špoljar nagrađena je zlatnom plaketom za crnobijeli svjetlopis „Dvoje“. Crna grafika stabala uokviruje krajolik vode sivih nijansi. U središtu slike je par ljudi na promatračnici i maleno stablo, a zajedno čine par na mirnoj podlozi vode.

Dušan Miška nagrađen je srebrnom plaketom za crnobijeli svjetlopis „Give me five“. Snimak mora iz kojeg izranja šaka u pet veličina razmještena po slici vodeći nas u daljinu.

Pavao Toth nagrađen je brončanom plaketom za crnobijeli svjetlopis „Teška vremena“. U sliku nas uvodi stado ovaca, a iza njih je pastir i izdvojeni pas. Snježi. Pod tim teretom „teškog vremena“ oni mirno koračaju. Izlaze iz dubine ogoljele šume koja uokviruje sliku. Vidimo iskonske sastavnice života koje ih vode prema dobrom vremenu.

Leonardo Lučić nagrađen je zlatnom plaketom za svjetlopis u bojama „Touch of freedom“. Slika ruke koja dodiruje čudesno područje između zemlje i mora. Pjena vala pokriva prste. Zaustavljeni val s razigranom pjenom čeka pomak ruke. Val ili ruka narušiti će ovaj zaustavljeni trenutak.

Anton Mataja nagrađen je srebrnom plaketom za svjetlopis u bojama „Weinstraße“. Vinograd snimljen iz gornjeg kuta otkriva nam pravilan rast vinove loze. Dijagonale u smeđem tonu na zelenoj podlozi ispunjavaju sliku. Put koji nas vodi do osamljene kuće sa stablom upotpunjuje sliku.

Bogdan Bricelj nagrađen je brončanom plaketom za svjetlopis u bojama „Small boat in Venice“. Na crnoj pozadini slike ističe se brodica uz osvijetljeni pitoreskni zid. Trag svjetlosti obasjava plavo more.

Ocjenjivački odbor podijelio je diplome autorima kreativnih svjetloписа za krajolik, portret, ljude u okolišu, detalj, životinje, brod, graditeljstvo i fotografske pokuse.

Na ovoj izložbi vidimo slike s prizorima diljem svijeta, svu raznolikost životnog okružja, što nas posebno veseli.

The selected works for the 22nd international exhibition of photography Island and Sea are the photographs of 254 authors from 13 countries in all techniques of photographic expression. The exhibition is organized under the sponsorship of The Union of Technical Culture of Zadar County.

The jury awarded Biljana Knebl, the authoress of the photograph “Sunset Fire” with the Grand Prix Island and Sea. It is a photograph of a forest with dark trees in foreground. Shades of red and yellow colors of a fire spill over as one of the mythological elements of the Earth.

Vesna Špoljar is awarded with a golden plaque for her black and white photograph named “Couple”. The black graphics of trees frame the landscape with water containing shades of grey. In the centre of the picture two people are sitting on a watch post and there is a small thin tree and together they make a couple on the calm background of water.

Dušan Miška is awarded with a silver plaque for his black and white photograph named “Give me five”. It is a photograph of the sea from which protrudes a hand in five sizes placed in perspective on the surface and taking us to the distance.

Pavao Toth is awarded with a bronze plaque for his black and white photograph named “Hard Times”. A flock of sheep introduces us to the picture, and there is a shepherd and a distinct dog in the background. It is snowing. They walk calmly under the burden of hard times and hard weather. They are coming out from a naked wood which frames the picture. We see the primordial elements of life that take them towards good times.

Leonardo Lučić is awarded with a golden plaque for the color photograph named “Touch of Freedom”. It is a photograph of a hand touching the misterious line between land and sea. The foam of a wave covers the fingers. The stopped wave with its playing foam is waiting for the movement of the hand. Either the wave or the hand will disturb the stopped moment.

Anton Mataja is awarded with a silver plaque for the color photograph named “Weinstraße”. It is a bird’s view photograph of a vineyard which reveals the regular growth pattern of vine. Brown diagonal lines fill in the picture. The picture is completed with the road that takes us to the lonely house with a tree.

Bogdan Bricelj is awarded with a bronze plaque for the color photograph “Small boat in Venice”. A little boat by the lit picturesque wall stands distinct against the black background. A beam of light falls on the blue sea.

The jury gave diplomas to the authors of creative photographs for landscape, portrait, people in environment, detail, animals, boat, construction and photographic experiments.

On this exhibition visitors can see photographs with motives from all over the world, all the diversity of life environment, which gives us great pleasure.
